Professional Summary

Highly motivated Fullstack Developer with over one year of experience building scalable and user-centric web applications. Proficient in modern frontend frameworks like Nuxt.js and Vue.js, coupled with backend expertise in Node.js, Express.js, and TypeScript. Adept at leveraging tools like Git, REST APIs, and MongoDB to deliver seamless and robust solutions. Experienced with CI/CD pipelines, unit testing, and cloud services such as AWS and Azure, ensuring efficient deployment and high-quality software.

Known for strong problem-solving skills, adaptability, and a keen eye for detail. A team player with excellent communication and organizational abilities, committed to creating innovative solutions under tight deadlines. Passionate about continuous learning and pushing the boundaries of technology.

Work Experience

Fullstack Engineer (Internship)

JAWX Nigeria Limited | February 2024 - July 2024

Contributed to the development of scalable web applications, optimized backend performance, and collaborated with a cross-functional team to deliver client-focused solutions.

Ahman Solomon I. - Fullstack Developer

Fullstack Engineer

Wattflow Integrated Solutions | August 2024 - Present

Leading the development and deployment of end-to-end web solutions, integrating user-centric designs with robust server-side architecture, and driving innovation in software solutions to meet diverse business needs.

Education

B.Eng in Computer Engineering

Federal University of Technology

Acquired foundational knowledge in computer systems, programming, and engineering principles. Developed expertise in problem-solving, system design, and software development to address real-world challenges.

Skills

Technical Skills

Frontend: HTML, CSS, JavaScript, Nuxt.js, Vue.js, Tailwind CSS, Pinia

Backend: Node.js, Express.js, TypeScript, Mongoose

Databases: MongoDB

Version Control: Git, GitHub
